Visual and Communication Designer

Pune, India | Available for remote internships and part-time work

naityik.in | linkedin.com/in/naityik | snaityikbusiness@gmail.com

SELECTED PAID CLIENT PROJECTS

Prakriti Agri | Brand Identity & Packaging

Created the brand identity, product labels, packaging and a printed catalogue for an agricultural brand.

[View project](#)

Dopamix Studios | Brand Identity & Digital Art Direction

Developed the wordmark, colour palette, typography, image treatment and website art direction for a creative studio. [View project](#)

DESIGN EXPERIENCE

GeoPulse | Editorial Designer

Feb - Apr 2026

Earth and Climate Science Department. Sole designer and editor of the inaugural 8-page newsletter: curated contributors' material and owned layout, typography and visual hierarchy for print and institutional circulation.

[View project](#)

AquaMuse | Student Graphic Recorder

Nov 2024 & Mar 2026

Science Media Centre. Created 5 digital graphic recordings across two invited engagements on water science, journalism and governance, live and afterwards. Exhibited on venue screens.

Artha | Graphic Designer

Sep 2024 - May 2025

Principal designer for 7-10 finance talks and workshops; created event posters and refined the club's established visual identity.

Navarasa Dance Club | Graphic & Social Media Designer

Sep 2026 - Present

Sole designer for the dance club's event graphics and social media communication.

EDUCATION & ACADEMIC EXPERIENCE

BS-MS, Mathematics and Data Science

2024 - 2029 expected

Indian Institute of Science Education and Research, Pune. Relevant coursework: Data Analysis, Probability and Linear Algebra.

Ashoka University | Math Apprentice & Teaching Assistant

Summers 2025 & 2026

Lodha Genius Programme. Returned for a second apprenticeship; wrote expositions on number theory and generative modelling, and mentored students. Published in Dimensions (2026).

QUEST | Curriculum Development & Teaching Intern

Jun - Aug 2026

Developed and tested hands-on geometry activities with 35 Grade 3-4 pupils, using classroom observations to refine learning material.
